Date: June 1, 2017

Yext, Inc. Announces First Quarter Fiscal 2018 Results

- First Quarter Revenue of \$37.1 million, an Increase of 37% Year-Over-Year
- Gross Margin of 73.9% as compared to 67.4% in the Year Ago Ouarter
- Issues Revenue Guidance of \$169.0 Million \$170.0 Million for Fiscal Year
 2018
- Issues Revenue Guidance of \$40.0 Million \$40.5 Million for the Second Quarter of Fiscal 2018

NEW YORK, June 1, 2017 /PRNewswire/ -- Yext, Inc. (NYSE: YEXT), the digital knowledge management provider, today announced its results for the three months ended April 30, 2017, the Company's first quarter of fiscal 2018.

"We are very pleased with Yext's first quarter as a public company, which was highlighted by strong revenue growth of 37% as compared to the first quarter last year, the substantial expansion of gross margins, and the launch of exciting new services and features," said Howard Lerman, Co-Founder and Chief Executive Officer of Yext.

"Yext is increasingly benefiting from the strong tailwinds associated with the rise of intelligent services, and we believe we have the opportunity to continue our momentum and add new clients, execute our seed-and-grow strategy, and introduce innovative offerings, such as our recent launch of Yext for Mortgage," continued Mr. Lerman.

"In January, Jim Steele joined Yext as President and Chief Revenue Officer to help us scale the business globally and build an enterprise-class sales organization. Accordingly, we expect to continue to invest aggressively to expand our sales capabilities so that we can capitalize on the significant market opportunity in digital knowledge management."

Important Note Regarding the Presentation of the Company's Results:

In April 2017, the Company completed its initial public offering of shares of common stock at a public offering price of \$11.00 per share. The shares began trading on the New York Stock Exchange on April 13, 2017. After the underwriters' exercise in full of their option to purchase additional shares, a total of 12,075,000 shares of common stock were sold for total proceeds of approximately \$132.8 million from the offering before underwriting discounts, commissions and offering expenses.

First Quarter Fiscal 2018 Highlights:

- **Revenue** of \$37.1 million, a 37% increase as compared to the \$27.1 million reported in the first quarter of fiscal 2017.
- Gross Profit of \$27.4 million, a 50% increase as compared to the \$18.3 million reported in the first quarter of fiscal 2017. Gross margin of 73.9% compared to the 67.4% reported in the first quarter of fiscal 2017.

Net Loss and Non-GAAP Net Loss

- Net loss of \$16.1 million as compared to the \$9.3 million net loss in the first quarter of fiscal 2017. The increased loss was driven by increased operating expenses, primarily in sales and marketing, due to efforts to acquire new customers, as well as in ongoing general and administrative expenses associated with our transition to becoming a public company.
- Non-GAAP net loss of \$12.0 million as compared to the \$7.7 million non-GAAP net loss in the first quarter of fiscal

Net Loss Per Share and Non-GAAP Net Loss Per Share:

• The presentation of the Company's net loss per share reflects weighted-average shares outstanding, which gives effect to the shares issued in the initial public offering, and the conversion of preferred stock into common stock, as of the date of issuance. Readers are encouraged to review the table labeled "Reconciliation of GAAP to Non-GAAP Financial Measures" at the end of this release to see

- a reconciliation of the Company's weighted-average shares outstanding during the period to its shares outstanding as of the end of the period, as if they had been outstanding for the whole period.
- Net loss per share of \$0.40 based on 40.5 million weighted-average shares outstanding, compared to the net loss per share of \$0.30 based on 31.0 million weighted-average shares outstanding in the first quarter of fiscal 2017.
- Non-GAAP net loss per share of \$0.13 based on 90.0 million non-GAAP shares outstanding, as compared to the \$0.25 non-GAAP net loss per share reported in the first quarter of fiscal 2017 and based on 31.0 million non-GAAP shares outstanding.
- **Balance Sheet:** As of April 30, 2017, Yext had cash and cash equivalents of \$133.7 million, which includes the proceeds from our initial public offering as described further in the "Important Note Regarding the Presentation of the Company's Results" section.
- Cash Flow: Cash used in operating activities was \$8.3 million as compared to cash provided by operating activities of \$7.5 million in the same period in fiscal 2017. The greater use of cash reflects the Company's increased loss as compared to the prior period as well as increased use of cash for working capital, including payables and accrued expenses. The prior period also reflected a benefit of \$5.8 million related to a release of restricted cash.

First Quarter Fiscal 2018 and Other Recent Business Highlights:

- The number of attributes managed on Yext's digital knowledge platform crossed the 20 million mark for the first time, and the number of locations managed exceeded 1 million.
- Introduced Yext for Mortgage, a comprehensive solution for the consumer lending industry, to provide Listings, Pages and Reviews to put loan officers in control of key descriptive information in all the places customers search for lending services.
- Launched Yext for Menus, further enhancing our direct integration with Google to enable North American restaurants to upload detailed menu information, such as descriptions and photographs, into the Yext platform, and structure and maintain accurate menu data in a way that optimizes how that information is found and shown in Google search results and Google Maps listings.

Financial Outlook:

Yext is also providing the following guidance for its second fiscal quarter ending July 31, 2017 and the fiscal year ending January 31, 2018.

- Second Quarter Fiscal 2018
 - Outlook:
 - Revenue is projected to be \$40.0 million to \$40.5 million
 - Non-GAAP net loss per share is projected to be \$0.13 to \$0.15, which assumes 90.1 million non-GAAP common shares
 outstanding.
- Fiscal Year 2018

Outlook:

- Revenue is projected to be \$169.0 million to \$170.0 million.
- Non-GAAP net loss per share is projected to be \$0.48 to \$0.52, which assumes 90.3 million non-GAAP common shares
 outstanding.

Conference Call Information

Yext will host a conference call at 5:00 P.M. Eastern Time (2:00 P.M. Pacific Time) today to discuss its financial results. To join, participants may call 1.866.591.4891 (U.S. callers) or 1.409.350.3168 (international callers) using conference ID number 26387014. A live audio webcast of the call will also be available on the Investor Relations section of the Company's website at investors.yext.com. A replay of the call will be available until

Monday, June 5 at 11:59 P.M. Eastern Time by dialing 1.855.859.2056 (U.S. callers) or 1.404.537.3406 (international) and entering passcode 26387014.

About Yext

Yext puts business on the map. The Yext Knowledge Engine™ lets companies manage their digital knowledge in the cloud and sync it to over 100 services in the PowerListings Network®. Yext Listings, Pages, and Reviews help businesses around the globe facilitate face-to-face and digital interactions that boost brand awareness, drive foot traffic, and increase sales.

Safe Harbor Statement Under the Private Securities Litigation Reform Act of 1995

This release includes forward-looking statements including, but not limited to, statements regarding our revenue, non-GAAP net income for our second fiscal quarter of fiscal 2018 and full-year fiscal 2018 in the paragraphs under "Financial Outlook" above, and other statements regarding our expectations regarding the growth of our company and our industry. These statements are based on our current expectations and projections about future events and trends that we believe may affect our financial condition, results of operations, strategy, short- and long-term business operations and objectives, and financial needs. In some cases, you can identify forward-looking statements by terminology such as "may," "will," "should," "could," "expect," "plan," "anticipate," "believe," "estimate," "predict," "intend," "potential," "might," "would," "continue," or the negative of these terms or other comparable terminology. Actual events or results may differ from those expressed in these forward-looking statements, and these differences may be material and adverse.

We have based the forward-looking statements contained in this release primarily on our current expectations and projections about future events and trends that we believe may affect our business, financial condition, results of operations, prospects, business strategy and financial needs. Our actual results could differ materially from those stated or implied in forward-looking statements due to a number of factors, including, but not limited to, our ability to renew existing customers and attract new customers; and our ability to manage our growth effectively. For a detailed discussion of these and other risk factors, please refer to the risks detailed in our filings with the Securities and Exchange Commission, including, without limitation, our final prospectus filed with the SEC on April 12, 2017, which is available at www.investors.yext.com and on the SEC's website at www.sec.gov. Further information on potential risks that could affect actual results will be included in other filings we make with the SEC from time to time. Moreover, we operate in a very competitive and rapidly changing environment. New risks and uncertainties emerge from time to time and it is not possible for us to predict all risks and uncertainties that could have an impact on the forward-looking statements contained in this release. We cannot assure you that the results, events and circumstances reflected in the forward-looking statements will be achieved or occur, and actual results, events or circumstances could differ materially from those described in the forward-looking statements.

The forward-looking statements made in this release relate only to events as of the date on which such statements are made. We undertake no obligation to update any forward-looking statements after the date of this prospectus or to conform such statements to actual results or revised expectations, except as required by law.

Non-GAAP Measurements

In addition to disclosing financial measures prepared in accordance with U.S. generally accepted accounting principles (GAAP), this press release and the accompanying tables include non-GAAP net loss and non-GAAP net loss per share. Non-GAAP net loss and non-GAAP net loss per share are financial measures that are not calculated in accordance with GAAP. We define these non-GAAP financial measures as our GAAP net loss as adjusted to exclude the effects of stock-based compensation expenses. We believe these non-GAAP financial measures provide investors and other users of our financial information consistency and comparability with our past financial performance and facilitates period-to-period comparisons of our results of operations. We also believe these non-GAAP financial measures are useful in evaluating our operating performance compared to that of other companies in our industry, as these metrics eliminate the effects of stock-based compensation, which may vary for reasons unrelated to overall operating performance.

We use these non-GAAP financial measures in conjunction with traditional GAAP measures as part of our overall assessment of our performance, including the preparation of our annual operating budget and quarterly forecasts, to evaluate the effectiveness of our business strategies and to communicate with our Board of Directors concerning our financial performance. Our definition may differ from the definitions used by other companies and therefore comparability may be limited. In addition, other companies may not publish this or similar metrics. Thus, our non-GAAP financial measures should be considered in addition to, not as a substitute for, nor superior to or in isolation from, measures prepared in accordance with GAAP.

These non-GAAP financial measures may be limited in their usefulness because they do not present the full economic effect of our use of stock-based compensation. We compensate for these limitations by providing investors and other users of our financial information a reconciliation of non-GAAP net loss to net loss and non-

GAAP net loss per share to net loss per share, the most closely related GAAP financial measures. However, we have not reconciled the non-GAAP guidance measures disclosed under "Financial Outlook" to their corresponding GAAP measures because we do not provide guidance for the various reconciling items such as stock-based compensation and the corresponding provision for income taxes, as certain elements of these items, such as the stock price at the time of award of future grants, cannot be reasonably predicted. Accordingly, reconciliations to the non-GAAP guidance measures is not available without unreasonable effort. We encourage investors and others to review our financial information in its entirety, not to rely on any single financial measure and to view non-GAAP net loss and non-GAAP net loss per share in conjunction with net loss and net loss per share.
